

EXPERIENCE THE ENHANCED COMFORT AND PERFORMANCE OF OUR **HEAD-MOUNTED POWERED RESPIRATORS**

FOR HEALTHCARE/PHARMACEUTICAL SECTORS

Innovative respiratory, head, hearing, eye and face protection comes in PureFlo's one-of-a-kind, all-in-one unit with no hoses or belts, and no requirement for fit testing. Our PAPRs provide high performance protection while maximizing mobility, comfort, and cost-effectiveness in a modular design customizable for healthcare and emergency response environments.

COMPARE THE BENEFITS OF HEAD-MOUNTED VERSUS WAIST-MOUNTED PAPRS:

Head-Mounted PAPRs

A BALANCED LIGHTWEIGHT ALL-IN-ONE UNIT
(EVERYTHING THE WAIST-MOUNTED UNIT ISN'T)

INVENTORY COSTS

- Fewer parts = reduced inventory

SAFETY

- Virtually eliminates snag hazards on medical equipment

COMFORT AND USABILITY

- Head-mounted design provides greater mobility even in tight spaces
- Integrated/balanced design improves user comfort

WORK EFFICIENCY AND EFFECTIVENESS

- Minimal setup: Can be used out of the box
- Fast donning and doffing quickly gets you in the environment
- Easy to maintain which increases productivity

Waist-Mounted PAPRs

INVENTORY COSTS

- More parts = increased inventory
- More exposed parts means more potential points of failure and contamination issues

SAFETY

- Hoses and belts increase snag hazards on medical equipment

COMFORT AND USABILITY

- Hose and belt limit mobility in tight spaces
- Lack of synergy among components can result in balance issues and/or discomfort

WORK EFFICIENCY AND EFFECTIVENESS

- More setup and assembly time due to more working parts
- Generally requires more maintenance and support leading to decreased productivity
- Time consuming donning/doffing inhibits quick reaction when time is of the essence
