

PureLite®

(EN/AUS/NZ)

Parts & Accessories

The PureLite system is an entry level, battery-powered respirator providing protection for respiratory, eye, face and hearing, all-in-one, lightweight system. The head-mounted design provides optimum balance with no trailing leads or waist-mounted power pack.

The full-face shield provides excellent all around vision and impact protection. With no face fit testing required, this is the perfect solution for those with facial hair or prescription glasses.

For more information and to purchase, please contact your distributor or visit gentexcorp.com/pureflo
