

Modular PTT Radio Adapter Cables

Connects modular Push-To-Talk (PTT) to various radio systems, giving operators the ability to tailor their communications to their mission needs and preferences. Used with the Ops-Core® AMP® Communication Headset and modular PTTs, the radio adapter cables complete the connection to user's radio system.

KEY FEATURES

- Available in black and tan with 18" or 21" length

Immersion*
1 Meter for 1 Hour
3 Meters for 30 Seconds

**Total system immersion capability dependent on headset and radio specifications*
