

Single Band U94 PTTs

The Single Band U94 Push-To-Talk (PTT) connects the Ops-Core® AMP Communication Headset or other communications headset with a U174 connectorized download to the radio to enable Push-to-Talk control.

KEY FEATURES

- Rugged over-molded construction
- Controls designed for positive feel
- Recessed activator prevents accidental keying, while still accommodating gloved hand use
- Reversible alligator clip to enable inboard or outboard button position

Immersion*

1 Meter for 1 Hour
3 Meters for 30 Seconds

**Total system immersion capability dependent on headset and radio specifications*
