

LPCCE

Low Profile Custom
Communication Earplugs

Gentex LPCCE with passive tether

Gentex LPCCE with CEP

Superior Hearing Protection, Clear Communication, Lasting Comfort

With a 27 dB. Noise Reduction Rating (NRR), the Gentex Low Profile Custom Communication Earplugs (LPCCE) deliver superior hearing protection and enable clear communication in extreme noise environments. Digitally manufactured from deep-ear impressions, the custom molded LPCCE provide a consistent comfortable fit and extreme noise attenuation. The LPCCE are a more comfortable alternative to generic foam and plastic tips, and can be used with the Argonaut and CEP C15 communication earplugs. . The LPCCE come with a passive tether so the earplugs may be worn as a hearing protector when use with communications earplugs is not required. Identical additional or replacement LPCCE may be reordered with a discount and without new impressions.

KEY FEATURES

27 NRR and Clear Communication

LPCCE offer outstanding hearing protection and clear communication with a Noise Reduction Rating of 27.

Single or Double Hearing Protection

LPCCE can be worn alone or coupled with circumaural earcups to form a double hearing protector that offers excellent noise protection and simultaneous clear communication. In 105 dB noise environments, double hearing protection should be worn at all times.

Comfortable, Consistent Fit

An alternative to foam or plastic tips, LPCCE are custom molded, providing reliable comfort and a consistent earplug insertion. (Ear impressions are required at time of purchase.) Mating communications harness may be aligned to the earplug in any orientation, allowing the user to route the cable as preferred.

Easy Insertion and Removal

For added comfort, apply the supplied ear gel to the external surface of the canal portion of the earplugs.

Long-Lasting, Durable

Capable of withstanding harsh military and industrial environments, LPCCE are resistant to salt-fog, fungus, jet fuel, hydraulic fluid and other Military specified chemicals.

Easy to Clean and Store

No special products or procedures are required to clean or store the LPCCE. Clean with soap and water, then dry and store in the provided case or a safe clean location.

Compatible with Gentex and other CEPs

LPCCE are compatible with Gentex's Argonaut communication earplugs, stereo communication earplugs and CEP C15 models.

Fast and Easy Replacement

With our fully digital manufacturing process, new ear impressions aren't required when ordering additional or replacement LPCCE. Just reference the unique five-digit serial number on the LPCCE.
