

Special Operations Tactical Respirator (SOTR) Lite

Low Profile Half Mask with Particulate Protection

The Ops-Core® Special Operations Tactical Respirator (SOTR) Lite is a half mask respirator designed to provide protection against a wide range of oil and non-oil-based particulate contaminants. The Ops-Core SOTR offers P100 99.97% filtration efficiency against airborne particulates including lead, asbestos, fentanyl, lubricant mist, and explosive gunfire residue. The low-profile design offers protections without interfering with operator tactics, techniques, and procedures (TPP).

KEY FEATURES

- Offers at least 99.97% filtration efficiency against airborne particulates including lead, asbestos, fentanyl, lubricant mist, and explosive gunfire residue
- Two exhalation valves for easier breathing
- Flexible and lightweight silicone face piece with a wide, wraparound, and pleated design to enable fit for multiple facial types
- Front-mounted inhalation valves and cartridge ports for an enhanced field of vision and a quick, one handed filter change
- Includes SOTR head harness
- Includes 1 P100 SOTR filter
