...making excellence a habit.™

EU Type Examination Certificate

No. CE 699582

Product Specification:

Product Types: Full Face Masks.

Model Ranges: PF1000 Full Face Mask Respirator

Technical Specification: Harmonized European Standard EN 136:1998 – Class 1 & Class 2.

EN 136 classification: Full Face Masks – all models.

Product Assessments

The product assessments were based on BS EN 136:1998, the English language version of EN 136:1998, respiratory protective devices – full face masks.

PF1000 Full face mask respirator

Full face masks in the PF1000 of twin filter masks are designed for use with appropriate products from Gentex Europe as are compatible with their PF1000 series of filters.

PF1000 series of filters are gas and combined filters and particulate filters. The filters are of the bayonet type fitting and the mask must always be used with two filters of the same type.

Model/Basic description	Additional features
PF1000 Full face mask range, thermo-plastics rubber	Available in 3 sizes as follows: Small Medium Large

First Issued: 2018-11-21

Latest Issue: 2018-11-21

Effective Date: 2018-11-21

Expiry Date: 2023-11-21

EU Type Examination Certificate

No. CE 699582

Product Assessment

The product assessments were based on the English language versions of following standards as applicable:

BS EN 143:2000, the English language versions of EN 143:2000, respiratory protective devices – particle filters, both documents incorporating Corrigenda Nos. 1 and 2 and Amendment A1:2006

and

BS EN 14387:2004+A1:2008, the English language version of EN 14387:2004+A1:2008, respiratory protective devices – gas filter(s) and combined filter(s), both documents incorporating Corrigendum December 2004.

Product Description

The Particle Filter is designed to protect against particles, the Gas Filters are designed to protect against organic gases and vapours which have a boiling point greater than 65°C and the Combined Filters are designed to protect against particles and organic gases and vapours which have a boiling point greater than 65°C. The Filters are designed to be used in conjunction with the independently CE Certified Full Face Masks and Half Masks listed below.

Filter	Half Masks	Full Face Masks
