

PROTECT YOUR WORKFORCE WITH THE RIGHT PUREFLO INDUSTRIAL RESPIRATORY PROTECTION SYSTEM

PureFlo respirators are the first of their kind — our all-in-one powered respirators provide industry-leading respiratory, head, eye, and face protection while simultaneously increasing mobility and comfort in your work environment. The PureFlo 3000 and ESM+ PAPRs are innovatively designed to supply safety solutions without the need for fit testing, hoses, or belts.

COMFORT, QUALITY, AND TRUST

Among the highest-performing and most cost-effective protective systems available on the market, PureFlo products are designed to keep your workforce safe from workplace hazards. Supported by a team of world-class engineers and design talent, our products provide superior performance, durability, and value in industrial environments.

Backed by Gentex Corporation's 125 years of history and innovation, PureFlo has the stability and proven track record to be trusted in intense industrial environments around the world including:

General Industrial

Welding

Medical/Lab

Construction

Smelting/Steel

Pharmaceuticals

Nuclear

PureFlo 3000

OR

PureFlo ESM+

Choose the system that's right for your needs.

CHOOSE THE PUREFLO 3000 FOR PROTECTION IN LIGHT-TO- MEDIUM ENVIRONMENTS.

Industry-preferred head-mounted,
powered respirator for welding.

PureFlo 3000

A modular, lightweight option with enhanced hearing protection and communication options, the PureFlo 3000 is optimized for maximum mobility and provides a lower total cost of ownership in light-to-medium duty industries.

ENVIRONMENTAL CONDITION

**Battery:**

Single lightweight battery, 4-hour operation

Hearing Protection:

Attachable earmuffs

Weight:

1.9 pounds - 3.1 pounds (dependent on configuration)

APF:

25 (face seal), 1000 (drawstring hood)

Eye/Face Protection:

ANSI-approved clear face shield or welding shield with ADF

Head Protection:

Hard hat, bump cap, aluminized hood

Filter Options:

HEPA filter, plus pre-filter and spark arrestor optimized for welding environments

Usage:

NIOSH approved

CHOOSE THE PUREFLO ESM+ FOR PROTECTION IN EXTREME HARSH ENVIRONMENTS.

Industry-preferred head-mounted, powered respirator for steel, smelting, and metal processing.

PureFlo ESM+

The original integrated respiratory, head, and face protection system with secondary visor options, chemical filter options, and Class I Div 2 Nonincendive rating for harsh environments.

ENVIRONMENTAL CONDITION

**Battery:**

Option to install 2 batteries for 7-hour continuous operation

Hearing Protection:

Ear plugs only

Weight:

2.95 pounds – 4.94 pounds (dependent on configuration)

APF:

1000 (drawstring neck cape)

Eye/Face Protection:

ANSI-approved clear face shield, welding shield with ADF, secondary visors

Head Protection:

Hard hat (including Hi-Viz), bump cap, aluminized hood

Filter Options:

HEPA filter or HE/HF/HC filter with nuisance level OV/AG under the permissible exposure limit

Usage:

NIOSH approved and rated for Class I Div 2 environments
