U94 Dual Band
PRC-148C PTT

The U94 Dual Band Push-to-Talk (PTT) connects the Ops-Core® AMP Communication Headset family, or other U174 communication headsets to the 10-Pin PRC-148C next generation radio with dual band capability.

KEY FEATURES

- **Allows the operator to operate on two networks based on the capability of the radio**
- **Rugged over-molded construction**
- **Recessed activator prevents accidental keying, while still accommodating gloved hand use**
- **Controls designed for positive feel**
- **Reversable alligator clip**

Immersion*
1 Meter for 1 Hour
3 Meters for 30 Seconds

**Total system immersion capability dependent on headset and radio specifications*
